About Us:

Hunter Micro, LLC is a family owned & operated business distributor and leading provider of fasteners & precision machined components, primarily used for mission critical applications. Strategically located in San Jose, CA **The Silicon Valley**. We began with one goal in mind, to bring the highest quality and service to the industries we serve. Today, we've met that goal and have successfully built a solid reputation by providing comprehensive support that is focused on 100% error free deliveries to our domestic clients and our allies worldwide.

Hunter Micro, LLC offers a complete line of Aerospace & Military hardware & micro precision devices which include Military Fasteners, Precision Machined, Specialty Hardware as well as custom complex parts which all meet (Army/Navy) AN, (Military) MS, & (National Aerospace) NAS industry standards. Hunter Micro, LLC keeps a vast inventory of certified OEM products that are fully traceable to the original OEM, and always we always maintain full lot control. We also offers customized supply chain management consulting programs to OEMs, Systems Integrators, & Prime /Subcontractors and understand the challenges of production scheduling. Our team will work with you to customize a unique solution that fits your needs by reducing fixed costs, and optimizing logistics processes.

Hunter Micro, LLC invites you to partner with us, and the dedicated team of people that make our company a leader in the aerospace fastener distribution industry.
