

HUNTER MICRO

Aluminum Electrolytic, Conductive Polymer
Aluminum Solid and Conductive Polymer
Hybrid Aluminum Electrolytic Capacitors

Leading global provider of advanced
semiconductors and embedded systems for IoT

FAST Asynchronous SRAMs
Low Power Asynchronous SRAMs

Precision die cutting, Gaskets, seals, O-Rings,
Film Adhesives, Extrusions, Molded Rubber,
EMI Shielding

Flexible Heating Solutions, cloth heating jackets
and insulators, Silicone Rubber heating blankets

Chase Scientific Company

Advanced Computing, Robotics, Security Systems,
Automated Food Production, and Instrumentation

COLOC MANUFACTURING

JIT manufacturing to give you the quickest delivery
possible on self locking nuts

Current sensing, switching, position sensing and
angular sensing

Patented LTCC products/diverse wire-wound
products using multiple magnetic component types

Custom and standard inductors, transformers,
cable and wire harnesses, and Electro-mechanical
assemblies

Solutions for the Data Center Equipment Cabinet

Temperature, Pressure, Humidity, Position,
Force, Acceleration, Piezo Film, liquid level

Bone Conduction Technology for Safe Listening,
Hearing Protection and Assisted Listening
solutions

SSD/DRAM/DDR/SD/CF/CF/FAST/USB/DOM

High quality clamps, clips angle brackets
and other light stampings

PCB Assembly and Turn-Key Manufacturing,
Box Build,ITAR

LEADING THE WAY IN ALUMINUM
ELECTROLYTIC CAPACITOR TECHNOLOGY
